What Do People Say About Dustin?

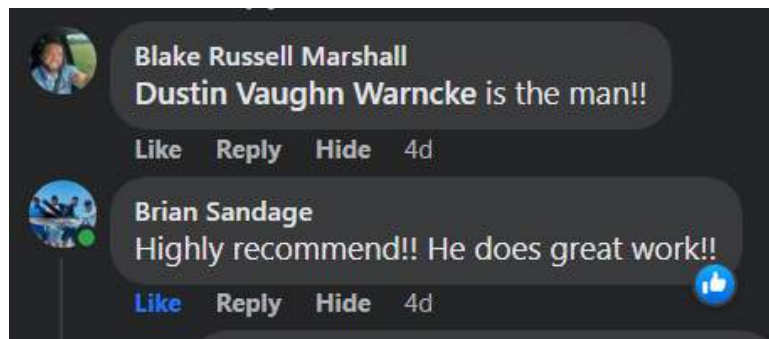

Frances Pullin

Dustin is the best! I've worked with many people over the years and this is the first person who hears me, acts on my needs, and then goes beyond what I requested. He thinks of things that improve my business model and works through whatever it takes to make things easier for me and my clients! Need I say more? Oh yes, his prices are on point. Get a quote, you'll know you've found your webmaster!

“Dustin reached out at the perfect time. I had needed help preparing for a presentation to superstars, yet I didn’t have the time for the fixings. I had no idea he could support me in my To-Do list. But there he was. We did it. He went the extra mile.”

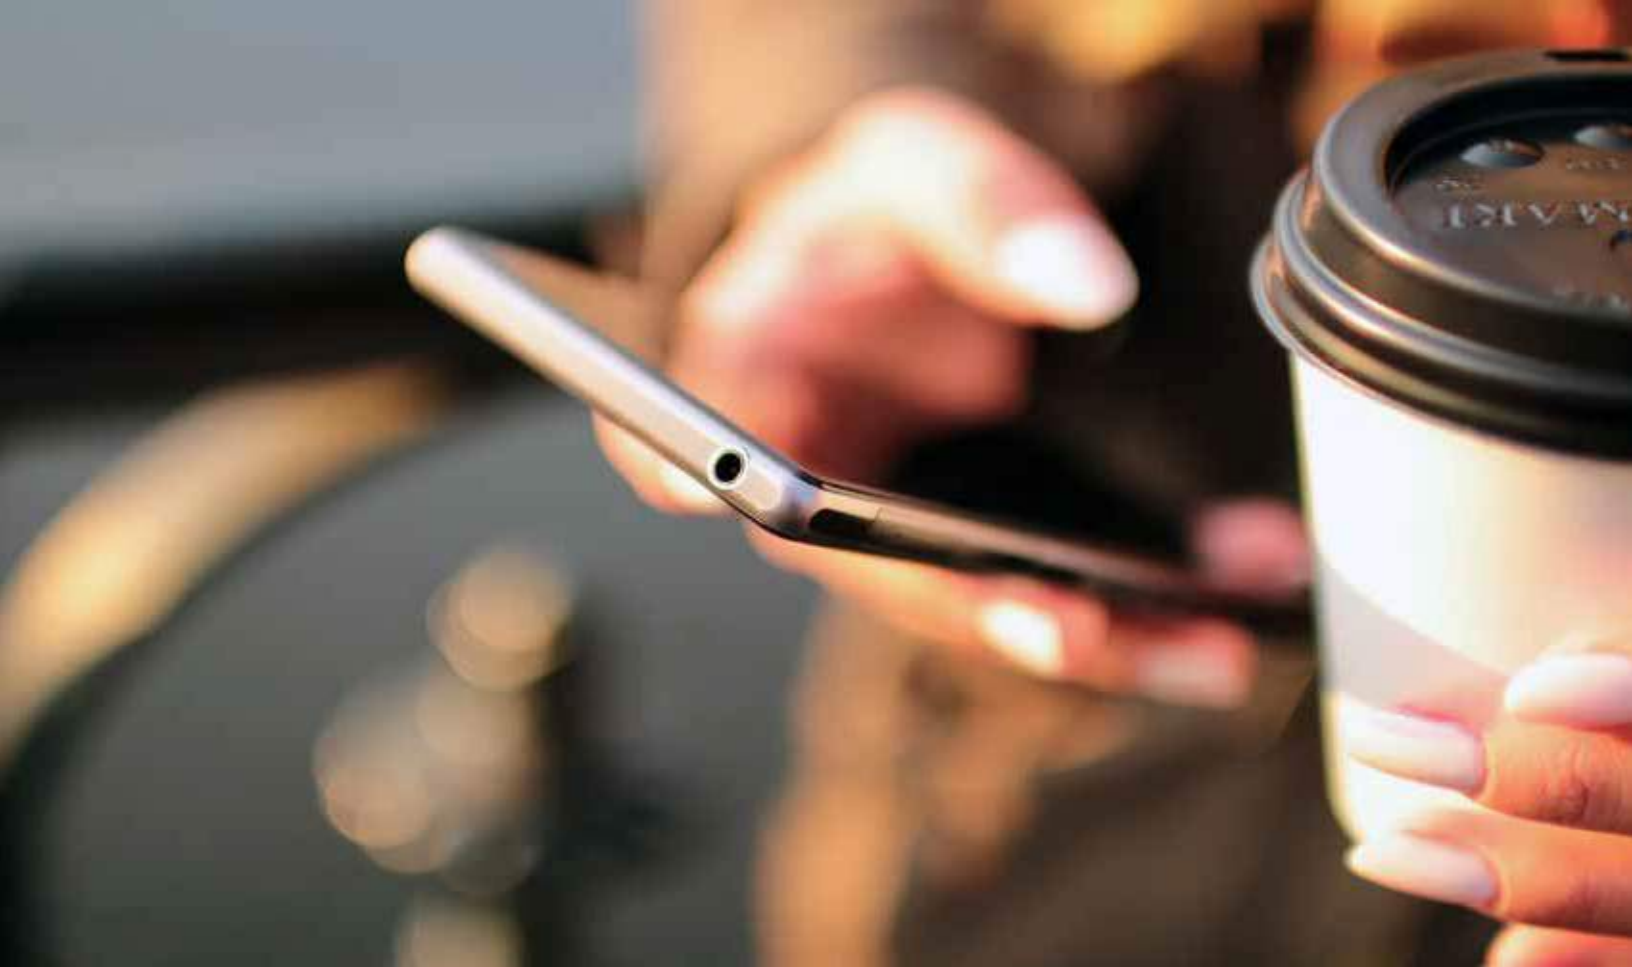

Dr. Irene Lara

What Do People Say About Dustin?

“The whole experience working with Dustin on my video format for an event was smooth. He listens to what you want and takes care of it on his end and delivers it to you in a timely manner. He is good at alleviating the stress from technology. Dustin takes care of it for you.”
